

Muscular Dystrophy
New Zealand

Dear Members,

Zoom Meeting

Don't forget we have a Zoom meeting next Wednesday for all members and their whanau with Myotonic Dystrophy.

Date: Wednesday 3rd August

Time: 2.00pm

[Click Here for Zoom Link](#)

The team from the CBR Neurogenetics Clinic, Richard Roxburgh, Michelle Liddciut, Marcelli Coronet, and Miriam Rodrigues will be at the meeting to talk about and answer any questions about END DM1 etc.

We will record it for anyone who can't be there.

Global Alliance for DM Awareness

In other Myotonic Dystrophy news, the Global Alliance for #MyotonicDystrophy Awareness recently announced the shared areas of focus for 2022!

1: Awareness and education among clinical care teams.

2: Clinical trial readiness for participants.

**Global Alliance for DM Awareness
Announces Areas of Focus for 2022!**

In addition to the Alliance's core mission of raising myotonic dystrophy awareness among the general population, many members are also leading efforts in two specific areas of focus to maximize our impact in 2022:

1. Awareness and education among clinical care teams,
 2. Clinical trial readiness for participants.
-

I look forward to seeing you online next Wednesday!

Kind regards,

Denise Ganley
Member Services Manager
